

VC

Changing Earth's Surface

* erosion -

+ sediment -

+ deposition -

+ Mass movement -

5 Agents of Erosion (causes)

1.

2.

3.

4.

5

_____ , _____
 and _____ act together
 in a cycle that wears down
 + builds up Earth's surface.

Mass movement

* _____ - the force that moves materials downhill

4 Types of Mass movement

1.

speed -

2.

speed -

3.

speed -

4.

speed -
